Changing or altering standard factory parts or motor to increase the horsepower over the factory horsepower rating is forbidden and will result in disqualification. Violators shall be subject to the penalties provided in Section 6.1-25.

6.1-15 FISHING TACKLE. Shall be limited to casting, spinning, and spin-casting rods and reels, and artificial lures. Only one such rod and reel may be actively in use at one time. Violators shall be subject to the penalties provided in Section 6.1-25.

6.1-16 FISHING METHODS. Trolling is prohibited. Participants shall, without assistance, hook, play and land any fish they catch in competition, except partners may net fish in a landing net and bring them into the boat. Violators shall be subject to the penalties provided in Section 6.1-25.

6.1-17 PARTNERS NOT REQUIRED. Participants may fish without a partner. Upon the loss or absence of a partner if fishing with a partner, they shall terminate all competitive activity and report to the Tournament Director to fish the remainder of the tournament alone, but a single participant may not exceed the creel limit for one person. Violators shall be subject to the penalties provided in Section 6.1-25.

6.1-18 COURTESY TO PARTNERS. Competitors shall arrive at the tournament site with their partners and in a condition of readiness for fishing before the beginning of competition. Violators shall be subject to the penalties provided in Section 6.1-25.

6.1-19 CONTACT WITH OTHER BOATS/PEOPLE. Participants shall not approach closer than necessary, or otherwise make contact with, other boats or persons during competition hours for reasons other than emergencies. Violators shall be subject to the penalties provided in Section 6.1-25.

6.1-20 EMERGENCY CONDITIONS DEFINED. Emergency conditions are those which subject persons or property to imminent danger or which are deemed by the Tournament Officials to be of an emergency nature. Only under emergency conditions, or in cases where boats are disabled, may participants leave their boats. Under such conditions, they may ride in other boats and bring their fish to tournament headquarters for scoring, subject to all requirements otherwise applicable. Partners shall remain in sight of each other at all times until their fish are turned over to Tournament Officials. Violators shall be subject to the penalties provided in Section 6.1-25.

6.1-21 HANDLING OF FISH DURING COMPETITION. Competition boats will be equipped with a functional, adequately aerated live well. No stringers, ropes, or other devices which would injure fish or subject them to unnecessary stress shall be used. Dead fish large enough for scoring shall be kept by participants and submitted for scoring. Fish too small for scoring shall be returned

to the water immediately. No more fish than may be scored may be held in captivity at any time during competition hours. Fish shall not be mutilated or otherwise intentionally injured or mistreated. Puncture type culling systems are prohibited. Swallowed single hooks shall be cut free of other tackle and left in place whether the fish is to be kept or released. Lures must be extracted in the least injurious manner available. Violators shall be subject to the penalties provided in Section 6.1-25.

6.1-22 HANDLING OF FISH DURING WEIGHING AND SCORING. Participants shall present all bass in their possession when they pass the check-in point for scoring by Tournament Officials. The practice of culling is prohibited at, on, or in view of the tournament site. Bass will be presented for scoring BEFORE participants load their boats on the trailer unless, at the discretion of the Tournament Director based on the tournament site and available facilities, trailering of boats at weigh-ins is permitted. Bass received by Tournament Officials for weigh-in and scoring shall not be touched again by the participant who caught them. All fish, dead or alive, shall be placed in containers SUPPLIED BY THE TOURNAMENT DIRECTOR unless otherwise directed by the Tournament Director, with water for transport to the scoring area. Water must be added to containers to reduce injury. All fish that are alive after the competition or scoring procedure shall be returned to the water by Tournament Officials, except that the requests of governmental, educational, and research agencies may be honored, and trophy fish may be returned to the participant who caught them when they request them for mounting and display. Fish not judged by Tournament Officials to be alive shall be protected from spoilage and disposed of as food, or otherwise in a manner which complies with the law if they are unfit for use as food. Violators shall be subject to the penalties provided in Section 6.1-25.

6.1-23 SCORING. Competitor's scores shall be the weight of the bass they have caught and kept during the competition hours. Weight may be deducted from competitors scores by the Tournament Officials as a penalty under the provisions of Section 6.1-25. Competitors may present, for weighing and scoring, no more than the legal limit of bass as determined by the tournament site location. The creel limit shall be five (5) fish. These fish shall be no less than minimum length required by state law as governed by the tournament site. In no instance will a fish be scored that measures less than 12 inches in length. Four (4) ounces shall be deducted from the competitor's actual weight for each bass which is judged by the Tournament Official to be dead at the time of scoring. All final standings shall be based upon the weight score remaining after deductions have been made for any dead bass and for any other penalties assessed. Violators shall be subject to the penalties provided in Section 6.1-25. Ties will be resolved by the number of fish caught. If a tie still exists, the weight of the largest fish shall be used to resolve the tie.

6.1-24 PROTESTS. Participants who suspect that the tournament rules have been violated may protest to the tournament officials at any time during the tournament or within 15 minutes after arrival at the tournament site, followed by a written protest within 30 minutes after the scales have closed. Protests shall be decided upon by the tournament officials under the direction of the Region Seven Tournament Director.

6.1-25 VIOLATIONS AND PENALTIES. Participants shall honor the letter and intent of the Tournament Rules, or they shall be judged to have violated them. All judgments are reserved to the Tournament Officials. All participants shall be presumed to be familiar with the tournament rules. Participants held by the Tournament Officials to have violated the principles of fairness, sportsmanship and ethical conduct explicitly or implicitly included in the tournament rules may be declared ineligible to compete in future region tournament events. In such case, the incident shall be reported to the Region Seven Director for action. Participants held by the Tournament officials to be in violation of the tournament rules shall be penalized as provided in applicable sections of this Article.

6.1-25(1) DISQUALIFICATION. The participants shall be disqualified from further competition in the tournament in progress and receive no credit for that event.

6.1-25(2) LATE PENALTY. The participant shall be penalized by deductions of ONE POUND of his actual weight for each minute he is late for the first fifteen minutes. After 15 minutes, the participants shall be disqualified and no credit for actual weight shall be awarded. The penalty shall apply to the tournament currently in progress and will not be carried over to a subsequent tournament.

6.1-25(3) ILLEGAL FISH LIMIT. All fish found to be in violation of established length limits shall be removed from the creel before scoring and then the participants shall be penalized by the additional removal of the largest fish remaining in their possession, or such remaining fish for each violation.

6.1-25(4) ILLEGAL FISH NUMBERS. Violation of creel limit will result in disqualification from further competition in the tournament in progress, and violators will receive no credit for that event.

6.1-25(5) Deleted 2/4/18.

6.1-26 POLYGRAPH TESTS. Polygraph tests may be given in conjunction with Region Seven tournaments. These tests will be given at the discretion of the Tournament Director and/or the Region Seven Director. Random Region Seven polygraph tests shall be given in the following format:

Any additional fees for the retesting will be the responsibility of the requesting participant.

6.1-26(7) FAILURE TO SUBMIT OR UNSATISFACTORY RESULTS. Failure to submit to examination by Region Seven Polygraph Examiner or failure to attain a satisfactory result on a Region Seven polygraph examination shall be conclusive evidence of a violation and subject to Articles 6.1-5 and 6.1-25.

The VBN Fall Classic is a TEAM tournament format. Following the completion of Region Seven's qualifying tournaments, the top 10 finishers, if funds available, shall become eligible and have paid entry to compete in the Fall Classic. In the event of a dropped participant, the slot shall be offered to the next Region Seven competitor in the order of their rank in the final scores until the paid entry positions are filled. Anyone not claiming their position shall forfeit all benefits and privileges provided by the region. Benefits and privileges to the top ten finishers provided by the region shall be paid entry into the Fall Classic.

Any Region Seven qualifying tournament participant in good standing may pay their own way to the Bass Nation Fall Classic.
